Please read the instructions and look at the pictures carefully before installing the bracket.

1. Use the enclosed alcohol pad to clean the area where the bracket is to be installed. Remove the right screw situated below the left air vent assembly.

2. Insert the enclosed gap opener into the gap between the panel surrounding the air vent and the dashboard, to widen the gap. Remove the adhesive tape covers on the bracket. Insert the angled upper edge of the bracket into the gap next to the gap opener.

3. Press the lower part of the bracket forward. Align the hole on the bracket with the hole below the air vent assembly. Secure the bracket using the enclosed screw. Remove the gap opener.

4. The bracket is in place.
