

## Product 653969

### 653969 ProClip

#### Angled mount

The ProClip is a mounting bracket for the vehicle's dashboard. Onto the ProClip you can install e.g. a holder for your mobile phone or PDA or a handsfree set etc. Safe and convenient -always within easy reach. The ProClip is car specific and easy to install. The installation is quick, no special tools or dismantle of the dashboard is required and it will not damage the interior of the vehicle. Made in black ABS plastic. Comes with detailed instructions.

EAN: 7320286539692

#### Item no 653969 fits:

Iveco Daily 06-14 (England)

## INSTALLATION INSTRUCTIONS

1.

2.

3.

4.

Please read all of the instructions and look at the pictures before attaching the ProClip. This ProClip consists of two parts.

Part 1. Attaching part (the smallest part)

Part 2. ProClip face plate

1. Press the thin end of the enclosed gap openers into the gap between the frame surrounding the control panel and the panel surrounding the air vent, to widen the gap. Peel off the adhesive tape cover on Part 1. Press the angled edge on Part 1 into the gap between the gap openers. Press Part 1 leftward/forward and slide it downward in the gap until it stops.

2. Press forward/leftward on Part 1 so the angled edge hooks behind the frame surrounding the control panel and the adhesive tape attaches. Pull out the gap openers.

3. Open up the predrilled hole in Part 2 with a screw driver (Philips). Peel off the adhesive tape covers on Part 2. Place Part 2 onto Part 1 so the holes match. Screw Part 2 onto Part 1 with the enclosed screws. Screw straight into Part 1, in the same angle as Part 1.

4. The ProClip is in place.
