

Product 653712

653712 ProClip

Center mount

The ProClip is a mounting bracket for the vehicle's dashboard. Onto the ProClip you can install e.g. a holder for your mobile phone or PDA or a handsfree set etc. Safe and convenient -always within easy reach. The ProClip is car specific and easy to install. The installation is quick, no special tools or dismantle of the dashboard is required and it will not damage the interior of the vehicle. Made in black ABS plastic. Comes with detailed instructions.

EAN: 7320286537124

Item no 653712 fits:

Mitsubishi L200 06-15 (For all countries)

Mitsubishi Triton 07-15 (Australia)

INSTALLATION INSTRUCTIONS

1.

2.

3.

4.

Please read all of the instructions and look at the pictures before attaching the ProClip.

1. Press the thin end of the enclosed gap opener into the gap between the air vent frame and the dashboard, to widen the gap. Peel off the cover of the adhesive tape on the ProClip.

2. Take a firm grip of the panel over the display and pull it out about 5 mm. In the same time press the curved edge on the left part of the ProClip into the gap that now is widened, between the panel surrounding the panel and the air vent frame. Flip the ProClip towards the steering wheel so the curved left edge hooks behind the panel surrounding the display.

3. Press the angled edge on the right part of the ProClip into the gap below the gap opener. Pull out the gap opener. Press the panel surrounding the display back into place.

4. The ProClip is in place.
