Fitting Location :- Right Mount

Make	Model	Bodystyle	From	To
Vauxhall / Opel	Movano	Van	1/2020	Onw

Vehicle Details

Vauxhall / Opel Movano Van 1/2020 - Onw

Instructions

1. Using trim removal tool carefully unclip and remove the right lower dashboard panel with the storage tray, this is located below and to the right of the steering column.
2. Using the trim removal tool, unclip the right side of the instrument binnacle surround trim and pull forward slightly to create a small gap.
3. Use the trim removal tool to carefully unclip and remove the trim panel to the right of the steering column which holds the headlight adjustment switch, then carefully rest the trim against the dashboard.
4. Remove the Two T20 Torx screws located below the right air-vent where the headlamp adjuster trim was removed.
5. Carefully pull and remove the door seal adjacent to the dashboard end and the right "A" pillar trim, then unclip and remove the right "A" pillar trim.
6. Install the double-sided tape pad provided to the underside of the bracket top arm, and then remove the double-sided tape backing.
7. Position the hook at the end of the top arm over the edge of dashboard where the "A" pillar trim was removed, and then carefully lower the bracket into position until the bottom Two fixing align with the holes where the two screws were removed.
8. Re-fit the Two Torx T20 screws to secure the bracket firmly in position.
9. Re-fit the right "A" pillar trim and the door seal.
10. Re-fit the trim panel that holds the headlight adjustment switch, taking care that the top right corner fits behind the instrument binnacle surround trim.
11. Re-fit the right side of the instrument cluster surround trim.
12. Finally re-fit the right lower dashboard panel trim and storage tray.

Care should always be taken by the installer when installing this product. Nemesis is not liable for any damage caused to a vehicle by incorrect installation, use, modifications or repair by any 3rd party or yourself.
