**Fitting Location :- Left Dash**

Make	Model	Bodystyle	From	To
Iveco	Euro Cargo	HGV	9/2008	Onw

### Vehicle Details

Iveco Euro Cargo HGV 9/2008 - Onw

### Instructions

- 1.) Open the Ashtray located to the right of the centre air-vents, then push down the metal release spring and remove the ashtray assembly.
- 2.) Remove the two Philips screws in the top of the ashtray aperture, these screws secure the bottom of the switch panel in position.
- 3.) Using a trim removal tool carefully unclip the top and the sides of the switch panel trim and then carefully pull this forward.
- 3.) Insert the trim removal tool behind the heater control facia in the top right corner, then slide the Ace bracket downwards so the small hook on the left side of the bracket slides downwards behind the heater control facia until the hole on the right side of the bracket aligns over the left screw hole.
- 4.) Refit the switch panel in position and then secure the bracket and the bottom of the switch panel in position using the two Philips screws.
- 5.) Refit the Ashtray assembly.
